

UMBRELLA HOLDER

No Tools Required

- 1 | Align the Umbrella Holder with the Accessory Station as shown (fig.1)

- 2 | Insert the fitting bolt through the Umbrella Holder into the Accessory Station (fig.2) and tighten fully

- 3 | Adjust the angle of the Umbrella Holder tube to the desired position by tightening and loosening the side adjustment screw (fig.3)

- 4 | Loosen the small adjustment screw on the Umbrella Holder tube to allow sufficient room to fit the umbrella handle inside (fig.4)

- 5 | Insert the umbrella into the Umbrella Holder tube. Tighten the small adjustment screw to ensure the umbrella is held securely in place
